

## 5 Rupees: Based on a true story in India

This extraordinary story of courage and faith is based on a true story of an Indian girl who grew up in the most challenging of circumstances. What is it about life which compels people to become resilient? Spanning three generations, this short story sheds some light into the lives of two mothers, and two daughters, and the struggles they faced in their everyday lives. The metamorphosis of the impoverished into a story of success, made possible by education and determination, shines in this story. It is told from the point of view of Jananee, as she narrates life of being a daughter, and mother.
