

## The Red Leather Chair

Devastated by her husband's betrayal, Jonah struggles to heal herself and her fractured family. But how does a woman born in an age of deference emerge as her own person? How does a man raised to embrace a traditional notion of masculinity reconstruct his identity? How does a family on the brink of disintegration reestablish a firm foundation? Set in the contemporary American Heartland and told in the distinctive voice of each family member, *The Red Leather Chair* takes the reader on a harrowing journey of rage, revenge, and, ultimately, redemption.
