

Ticket That Exploded

The second installment in Burroughs cut-up style Nova trilogy. In *The Ticket That Exploded*, William S. Burroughs grand cut-up trilogy that starts with *The Soft Machine* and continues through *Nova Express* reaches its climax as inspector Lee and the Nova Police engage the Nova Mob in a decisive battle for the planet. Only Burroughs could make such a nightmare vision of scientists and combat troops, of ad men and con men whose deceitful language has spread like an incurable disease be at once so frightening and so enthralling.
