

## Accidental Death: A Dennis Haggarty Mystery

Murder doesn't happen here. Serenity is the safest, little town in Colorado. But residents are dropping like flies. No big deal. Accidents happen. Detective Dennis Haggarty is there to comfort his recently widowed sister, not investigate a homicide.

However, finding a corpse means he can't avoid doing his job especially since the local authorities are determined to disregard the facts. Delving deeper, he finds a string of deaths everyone wants to ignore even when all the evidence points to murder. Lucky for the detective, one person in town seems rational enough to help him. Too bad she's his prime suspect.
