

## Her Destiny Unknown: Second Edition

What does forgiveness mean? Is it at all possible to forgive and experience true happiness or do we rather choose to forget and move on? Thembi tried to forgive in spite of her abusive childhood and many heartaches to create a better life for herself. Sadly, her childhood was only the beginning of many trails to cross her path. Adulthood brought even more betrayal and misery. Are we always attracted to what the mind is familiar with? Through Gods grace and her hope that all people are indeed created for a better life, Thembi manages to live a healthy, successful life today.
