

Sinister Stitches: a collection of short horror stories (Shadow Fabric Mythos)

Twelve horror stories weave truths you do not want to hear. The collection includes: Intensive Scare Three teenagers dabble in the occult and learn there's a good reason to be afraid of the dark. Red, White and Black When a clinical trial goes horribly wrong, a lone survivor finds herself fleeing from a sentient infection. Meeting Mum Introducing a new girlfriend to your parents has never been so problematic. Midnight Clay An otherwise pleasant homeward journey is interrupted by a demon with a particularly grotesque skill. Each story binds the Shadow Fabric mythos tighter, revealing that everything around us is entwined with a deep-rooted darkness. And sometimes that darkness the fabric tears. A darkness surrounds us, even with the lights on. Following the success of his debut novel, *The Shadow Fabric*, British horror author Mark Cassell brings you a collection of dark fantasy stories that stitch together a twisted history of witchcraft and the supernatural, of demons, phantoms, and the disturbed. One Amazon reviewer said of *The Shadow Fabric*: A roller coaster ride that reminded me of Stephen King at his best.
