

Bel Ami (Illustrated)

The book includes 10 unique illustrations that are relevant to its content. Bel Ami is French author Guy de Maupassant's second novel, published in 1885; an English translation titled *Bel Ami, or, The History of a Scoundrel: A Novel* first appeared in 1903. The story chronicles journalist Georges Duroys' corrupt rise to power from a poor ex-NCO to one of the most successful men in Paris, most of which he achieves by manipulating a series of powerful, intelligent, and wealthy mistresses. It is a novel about money, sex, and power, set against the background of the politics of the French colonization of North Africa. It explores the dynamics of an urban society uncomfortably close to our own and is a devastating satire of the sleaziness of contemporary journalism.
