

## Centimark Roofing Systems; 04-0496 05/16/05

Centimark Roofing Systems (CRS) was having parts for a trash chute hoisted to a warehouse roof by a crane company on October 27, 2003, in Tonawanda, New York, when an 8-foot piece of steel tubing (bar) slipped from the load and struck the crane operator. The crane operator and a CRS roofer had rigged the load. As a result of an inspection by the Occupational Safety and Health Administration (OSHA), CRS received a serious citation for violations of the crane and derrick standards at 29 C.F.R. 1926.550 on February 13, 2004.
