

Night Keeper

After surviving a wicked divorce and ending up alone with a baby, Josie Simons had sworn off men. Her so-called life consisted of cleaning up after animals at the city zoo and cleaning up after her toddler at home. Maybe it was the utter boredom that made her let her best friend and coworker talk her into a blind date with handsome single father Cam Bosworth. Before she knew it, she was caught up in a relationship that was both exhilarating and frightening. Cam was everything she needed for her daughter and herself. But lately weird things had started happening at the zoo, and she couldn't shake the feeling that she, or worse, her daughter, might be in danger. Moreover, Cam's concern seemed more suspicious than comforting. Events at the zoo escalate as Josie's life becomes more complicated and dangerous than she could ever have imagined.
