

## Anyone U Want: (A Billionaire Scifi BBW Alien Spanking Romance)

What can you do when youre in love with your hot Billionaire boss and you know you cant have him? Make an android of him, of course. Holly Sparks is the plus-sized assistant to Grant Harris the Third--the billionaire magnate of the largest hovercar company in the world. Shes dying for a chance to be dominated by her sexy, unobtainable boss but she knows shes not his type. While on a business trip to the moon, Holly visits Anyone U Want Androids Inc.--a company that promises to make a life-like android replica of anyone. It might cost her entire Christmas bonus but to Holly its worth it to have the man she dreams of even if its not really Grant. Grant Harris the Third might appear to have it all but theres one thing he cant have--his curvy little assistant, Holly. Grant is sure his need to dominate a woman would scare the timid Holly away and he doesnt want that--better to have her in his life as an assistant than not at all. But then, on a business trip to the moon he happens to find her dream-viewer--full of naughty fantasies with him in the starring role. And when he sees the brochure for Anyone U Want androids, the temptation to make Hollys fantasy a reality is just too great. After all, who needs an android when you can have the real thing? \*\*Please note--this is a snappy little novella, only 20,000 words long. I started writing it long before the whole 50 Shades thing took off. I found it unfinished on my laptop the other day and found I wanted to know how it ended. So I finished it--it was a lot of fun to write. I hope youll find it fun to read too. Hugs and Happy Reading! Evangeline\*\*
