

Banishment Pictures

This 44,000 word short novel is a series of alternating 1st person monologues between two people with a special fondness for each other. A promising young students life nosedives when he becomes involved with a call girl eight years his senior after a single encounter in a sex shop. It is there she gives him a film, featuring a star who connects them both, that will change everything. His studies slide, he forsakes his terminally-ill soul mate, and he finds himself closer than is comfortable to the dark and seedy world of underground porn. Soon enough they are both on the run with a wrote-off Lamborghini and a dead body in their wake, chased by her murderous psycho pimp who has a taste for torture. There is a subliminal horror, however, behind the physical threat, because the films they both enjoy are far from regular films. They have a timeline that stretches back far into their subconscious. Who is this star exactly? Who is the mastermind behind the operation? And how do you cope, when your worst fears might have already happened? Its raw and gritty. Its dark and dreadful. Its Banishment Pictures.
