

Loving Jessie

Life has gone out of focus for photojournalist Matt Latimer. So he's heading back home to the tiny California town where he grew up, hoping to reconnect with his roots, his purpose and his art. But Matt's homecoming is an event that will propel him and those closest to him into the complex territories of friendship, loyalty and love. Growing up, Matt was always around when Jessie Sinclair needed him most. Now she needs him for the most important decision of her life. She wants a baby. Suddenly the lives of Matt and Jessie and others in this small town collide in unexpected ways. Jessie must choose between what was and what might still be, between past heartbreak and the promise of new love, between what was lost and what is waiting to be found.
