

## Caesarea

The Mayor of Caesarea has been working hard. Too hard. And yes, he looks tired. Very, very tired. With a little help from council hes been trying to get everyone in town hooked up. But when youre talking water, when youre talking sewage, interests conflict and tempers flare. And dont overlook the fact that your deputy gleefully indulges in frequent micro-psychotic episodes. Or that your chairwoman believes her husband is controlling her thoughts. No, in Caesarea things are never quite what they appear. In fact, God only knows when the rest of the world will figure out how strange this town really is. The Mayors trying though, for you and all his other constituents. And so maybe the burden, the intensity, the heat of debate, has caused him to break into that sweat. But nothing explains the smell. Of course, this doesnt necessarily mean that anyone is going to die. Or does it? Caesarea is the new novel from Tony Burgess. The third and final installment of the trilogy he began with *The Hellmouths of Bewdley*, and continued in *Pontypool Changes Everything* (the zombie tale thats soon to be a major motion picture by Bruce McDonald), Caesarea is about a town that cant get to sleep at night. In Caesarea, everybodys embarrassed and nobody but Burgess is mentioning the mess. Hes asking the questions the town doesnt want answered. And the big question is: Whos been sleeping in your bed? You think youre safe when you lock your front door, right? Not in Tony Burgesss Caesarea. In this town you can never go home. Ever.
