

Two Tales of the Moon

Its 2009, and Americas economic interest in China is increasing at a rapid pace, along with Chinas ambition to become a superpower. A high-profile, joint-venture deal between two U.S. and Chinese cyber technology companies has unforeseen consequences as Will Donovan, an exNavy engineer and free-spirited cyber technology entrepreneur meets Lu Li, the straight arrow, successful Wall Street investment banker and life as they know it is never the same again. Despite of their night and day personality and background differences, the attraction is intense and undeniable as they first meet. They meet as the cyber technology companies merge. They meet and realize the high stake deal is a game of corruption and deceit. Together they have to face moral and ethical dilemmas, make life choices and come to terms with their past. Can their love survive all this?
