

The Secret History of the Mongols: The Origin of Chinghis Khan

This adaptation of what is recognized today as the oldest Mongolian text (written two decades after Chinghis Khan's death) tells the Mongols own version of the origin of their nation, the life of Chinghis Khan, and the creation of an empire that stretched across Eurasia in the 13th century. Adapted from Francis Woodman Cleaves erudite translation, it is presented here as a narrative poem in colloquial English. An overview of medieval Asia, maps, lineage charts, a glossary of proper names, and a bibliography are included.
