

Piano Matrix Unplugged

This eBook contains a collection of challenging piano music that are transcribed from sheet music to a simplified piano music format called the Piano Matrix. What is Piano Matrix you say? Well Piano Matrix will not make your bed and breakfast. However, Piano Matrix will simplify reading music and playing the piano for the novices and experts alike. Unlike sheet music standard notation, where the reader must translate music symbols to notes, and then transpose the notes to the key position on the keyboard prior to pressing the appropriate keys, the Piano Matrix elegantly and concisely goes directly from music symbol to piano key presses. There is no runaround in the brain and memorization is kept to a minimum in playing the piano or keyboard. The author strongly recommends that these titles be reviewed on the on-line video database before playing on the piano or keyboard. After-all, if the title is not pleasing, motivation to play the keyboard would be hard to come by.

1. Joplin The Entertainer
2. Dvorak Humoresque
3. Rimsky Flight Of The Bumblebee
4. Ponchielli Dance Of The Hours
5. Delibes Pizzicati
6. Beethoven Pathetique
7. Liszt Liebestraum n3
8. Mozart Ah vous Variation 1
9. Chopin Nocturne n2
10. Debussy Clair de Lune (Bonus)
