

Concealed Desire

A love that breaks all the rules Since her first day at work, Beth Graison has been in love with Dean Sutherlandthe Son in Sutherland & Son. Although hes an unrepentant player, theres an unmistakable connection between them, and she knows he feels it too. But shes not about to risk her career for any man, especially one with an office right down the hall whom she works with every day. Dean Sutherland doesnt do love, but he does do women. And he hasnt felt more than sexual attraction for any woman until Beth. Entirely feminine, smart, and with a natural beauty beyond compare, she makes him think about all kinds of uncomfortable thingslike a future and happiness things he knows from experience are pure fiction. When his father, the Sutherland in Sutherland & Son, propositions Beth to be more than just an employee, Dean cant keep her at arms length any longer. But he doesnt expect the scorching kiss they share, or the idea that forms when he holds her in his arms. Can he stop his fathers manipulating game by making the first move on Beth? Or will his reputation as a womanizer make him just one more Sutherland she wants to ignore?
