

## Conversations With Mommy (Volume 1)

The main character named Love, revisits circumstances throughout various phases of her life with the help of her mother. Her mother is the one she tells everything to no matter how exciting, trivial or completely shameful. She can confide in her mother about her inner most secrets and never feels judged, but rather always loved. Mommy... The only one who looks at Love and tells it like it is... She listens to Love and tells her what no one else will. Mommy will tell her how proud Love has made her or how ridiculous Love has been! Out of pure embarrassment, she tells Love, Don't tell anyone you are my child, girl! In the end, mommy always shows how much she cares while peeling away at all of Love's layers. She helps Love put together the pieces of her life that Love doesn't always understand.
