

Power Play (4) (The Amazing Laptop)

Matt, Lamar, Gill, and Alfonzo have been there for each other through thick and thin. But things are about to change. Matt risks his reputation to ask a girl to the youth group banquet only to discover later that his friends have backed out and he's going alone with Isabel. Matt takes out his frustrations on Gill and tension heightens and anger rises until a surprise visitor makes Matt realize that he and his friends will never make it through their predicaments alone but together they can make it through anything. The Amazing Laptop series is a fast-paced, middle-grade Christian series, especially perfect for boys and reluctant readers...though girls love it, too!
