

## The Broken Teaglass (Basic)

The dusty files of a venerable dictionary publisher . . . a hidden cache of coded clues . . . a story written by a phantom author . . . an unsolved murder in a gritty urban park -- all collide memorably in Emily Arsenault's magnificent debut, at once a teasing literary puzzle, an ingenious suspense novel, and an exploration of definitions: of words, of who we are, and of the stories we choose to define us.
