

Dark Rainbows End (The Star Circle Trilogy Book 3)

Can love and friendship turn the stars and save the world? Robyn and Demar reach the ruined city of Xakath only to be besieged by a host of dark dragons. The witch Illa tempts Robyn with old loves and new desires in an effort to get her to betray the Circle. Aerin, James and Sylvie race against time and tide to reach the convergence before the stars align, with the dawning realization that none of them may survive the clash. And Seraf, the Sithen shadow walker must choose between two worlds, the world she loves and the one to which she truly belongs. At the frozen edge of the world the companions race to save humanity from the Darkness that threatens to unravel all creation. The stars align and the chosen of the Star Circle must endure--face their worst fears and choose the light even as a traitor in their midst brings the encroaching evil into the heart of the Circle.
