

## Dating in My Seventies and Beyond: Essays, Advice, Adventures

In her second book, Maddy Sheff shares her adventures and advice about senior internet dating. At the age of 70, widowed but still eager to find love again, she takes the plunge. Some of the episodes turn out well for a time, and some do not. Using both humor and a philosophical outlook, she forges ahead. In addition to her observations concerning the changes in the dating customs since the 1950s, Maddy offers keen commentary about the current social scene.
