

The Billionaires New Toy - Book 5: Doctors Orders

You can do whatever you want, Liam. After a week of intense training and use, Connor a sweet, pretty boy from the streets finally thinks hes worked out how to satisfy his demanding Masters every kinky desire. But when the dominant billionaire decides to take him out in public and invite his old friend, Dr. Liam Adams, into their unique dynamic, all bets are off as he finds himself struggling to deal with the humiliating exposure. And as the doctor asks prying questions into his life on the streets, both he and Damion are forced to confront their unexpected reactions to the intensity of his new life as the handsome billionaires submissive toy (Please note: this story contains domination, bondage, humiliation and rough sex between a hot dominant billionaire, a handsome doctor and a reluctant but willing pretty boy. It has hardcore bdsm elements and is not intended for those easily offended.) ----- Excerpt ----- So, any questions, Connor? Connor looked up at him in surprise and he chuckled lightly to himself. Maybe your fondness is making you softer a few days ago you would have watched him struggle to figure things out Then he thought about all the fun, kinky ideas a doctors surgery had given him, and he reconsidered that judgement. Connor swallowed quickly below him. Umwhat are the rules, Master? For being in public? Damion had expected the question but just frowned slightly at the younger man as he gripped Connor by the chin. The rules dont change, boy. Connors eyes widened and he swallowed again as he all the implications of that flashed through his mind. A moment later he ducked his head and nodded. Yes Master. He was breathing slightly heavier now, his heart beating hard in his chest as he considered what it meant that he was expected to be like this out in public. He knew what hed made himself when hed signed that contract as much as he tried to avoid

thinking about it, this was a Master-slave relationship more than anything else. And Damion had just made it clear that it would be all the time. Whatever the situation, or wherever they might be. He wasn't sure why he'd ever expected anything else, but somehow knowing that this would be his life in every way had him breathing quicker. He wasn't sure how well he could handle addressing Damion that way, obeying whatever sadistic thing he might order, in front of other people. As if reading his thoughts, Damion's hand in his hair tightened, pulling down until he raised his eyes to meet the other man's. Damion's other hand slipped inside the half-open top and tweaked his nipple, making him gasp as it cried out with sensitivity from the use Damion had given him the day before. The stronger man was regarding him with one eyebrow raised. You're not going to have any trouble remembering that, are you?
