

Dream a New Day: A Guide to the 12 Powers of Unity

While the spiritual school of Unity conceptualized the 12 Spiritual powers, the roots of these powers are universal in their origin and ancient metaphysical roots. They are at the core of the New Thought movement, which is facilitating radical improvement to the life issues that concern most of humankind. But knowing about the 12 Powers is not as important as knowing how to put them into play in your own life. Using simple, actionable exercises, you will learn how to harness these powers to make your dreams come true. To encourage you even further, real life stories are presented here, showing how others just like you, have conquered serious obstacles in their life. If they can do it, you can too. All you need is an open mind and just a smidgeon of effort. Then watch how you start to dream a new day into reality.
