

Dreamlike

What if you could take a pill and confront your fears in dreams? What would you uncover? Amy's past is hidden by trauma and fears. A psychiatrist provides an experimental drug that helps her open her mind with wild and vivid dreams. What she sees terrifies her, but she must know more.

As she puts the clues together Amy realises that someone is trying to prevent her from discovering the secrets of her past. When she starts asking pointed questions, forces ally against her, starting a race where only the winner survives. Can Amy uncover the truth before her secret is buried forever? The story of Dreamlike is continued in The Secret Patient.
