

## The Race Question in Canada (Classic Reprint)

Excerpt from The Race Question in Canada Canadian politics are a tilting-ground for impassioned rivalries. An immemorial struggle persists between French and English, Catholics and Protestants, while an influence is gathering strength close by them which some day may become predominant - that of the United States. In this complex contest, the subject of my book, the whole future of Canada is at stake. There is no need to begin by evoking memories of history which will be present to all minds. By way of preface it will suffice to set out as clearly as possible the chief factors of what may be called the Canadian problem. It is, as I have implied, a very complex one. Hence its difficulty. Hence its fascination. In the first place, and above all, it is a racial problem. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
