

## Story in the Shadows

Story in the Shadows is more than a mystery or love story. It is a story of lives interwoven into years of intrigue, love and loss. Remy and Becky marry the loves of their lives, only to lose them to an unforgiving sea with no explanation of what happened. They drift apart only to be brought together by their respective sons who are seeking answers 20+ years later. The paths taken by the characters in this book lead all into the unknown and unbelievable events that keep the reader absorbed in the story and unable to totally separate reality from fiction. This book is funny, scary, loving, imaginative, and thought provoking. Jump into Story in the Shadows, but beware you may not be able to leave the shadows behind.
