

## Ghosts and Gadgets (Raven Mysteries)

Join the wonderfully weird Otherhand family and their faithful guardian, Edgar the raven, and discover the dark secrets of Castle Otherhand. The rumblings and wailings from the Lost South Wing can no longer be ignored, as one by one, members of the castle are being found frozen, scared to death. With mother, Minty, obsessing over her latest fad - sewing - and father, Valevine, busy experimenting with a machine to discover the Lost Otherhand treasure, its up to aspiring ghost-hunters Solstice and Cudweed to solve the mystery. But as usual, things dont go quite as planned...Its just as well Edgar is there to save the day! Second in a brand new six book series of tales of mystery (with a touch of goth-froth) for 9 year olds from bestselling author, Marcus Sedgwick. With quirky black and white line illustrations from new talent, Pete Williamson. Dedicated website on Raven Mysteries: [www.ravenmysteries.co.uk](http://www.ravenmysteries.co.uk)
