

## Going the Distance

It's the last semester of college for Chloe. All she needs is four months of studying hard and no distractions. And then she meets Kyle, a charmer by nature with a unique lifestyle. A lifestyle that she never desired nor anticipated, considering her past experiences. Chloe has already made up her mind about Kyle. She knows the choice she needs to make to keep herself from getting hurt. But Chloe's best friend, Sam, is starting to convince Chloe that maybe the choice isn't as simple as she hopes. With the help of her friends and family, Chloe is starting to believe that taking a chance could be worth the risk. Could what she has to gain be worth the risk of all she has to lose?
