

## No Safe Word An Adventure in Horror

Melissa Fox, a special agent for the FBI, is on the trail of a sadistic psychopath serial killer who not only rapes and beats women to death but macabrely displays their bodies afterwards. As Melissa works to find this killer, she finds herself--kidnapped and at his mercy. For six and a half weeks, Melissa is held captive, raped, beaten, and forced to commit unthinkable acts. When the killer returns Melissa to the FBI, he believes she is broken and totally under control. Can Melissa recover and put the killer where he belongs or will she herself be put away? Note this story is told in first person as seen through the eyes of the villain the heroine and the victims.
