

Handle with Care

Shane Dawson, a medic captured and tortured in Iraq, is back on US soil, but now he must face his painful memories and personal demons. Lauren Reynolds is a widowed ER doctor with a son, Josh, who has ADHD. When the two meet, Lauren thinks Shane is the most wonderful, thrilling man she has met in a long time. But her child's welfare is priority number one, and there are very compelling reasons to stay apart. Will they be able to overcome their issues to find that once-in-a-lifetime love? Handle with Care is a deeply emotional story about two damaged people and the power of love, healing, and unconditional trust. This book was initially released in episodes as a Kindle Serial.
