

## Always and Forever

As a young woman, Jackie suffered the kind of abuse no human being should ever have to endure, and all at the hands of those who were supposed to love and protect her. Ten years ago Jackie fled Mountain Ridge, her need to escape the pain and abuse her single motivation. It wasn't until after she left that she realized she'd left her heart behind. Burying her feelings for the only woman she'd ever loved, and the only loving family she'd ever known, Jackie struggles to forget her past and move on with her life. Now ten years later, she wonders if she'll ever find someone that can love the person she's become. A suggestion from her therapist sends Jackie back to her old hometown in search of those she'd left behind so long ago. Can she settle the past and hope to find her future?
