

## Private Property and Private Parts

Sam, an aspiring mystery writer with more than a few OCD tendencies, purchases a little home near the sea shore in Cape Cod, hoping to find his creative genius in the peaceful solitude. Peace and quiet isn't in the cards when one cool summer evening, a mysterious and gorgeous stranger named Will shows up on his doorstep with a delicious chocolate cake in hand and claims of ownership to the house. Instant attraction sparks between the two, but there's one big roadblock in the way of a blossoming romance; the deed to the house. The two young men fight, write, bake and make love in this novella-length story that will leave you laughing and perhaps craving a little confectionery.
