

## War Stories - Short Fiction

This is the premise of War Stories, a rich collection of short fiction that draws upon both the literal and figurative meaning of its title. Through a diverse array of characters, settings, and circumstances, War Stories delivers a series of powerful tales from the home front of war: the stories of parents, siblings, and spouses of those who have fought, as well as those who have returned from battle. Set against the backdrop of recent wars, War Stories compelling nine narratives tell of a wounded veteran who seeks renewal through an imagined relationship with a neighborhood girl, a grieving father who finds peace and reconciliation at the site of a disastrous bus crash, and a young woman who searches for identity and meaning in the wake of her husband's injury. Interspersed with these tales are powerful, non-traditional war stories - of youth, unexpected loss, and heartbreaking love. War Stories thoughtful and beautifully crafted tales, which range in style from deceptively simple to rich and complex, tell of people young and old, male and female, who share two things: humanity and resilience. These diverse and deftly written stories are joined through Elisabeth Doyle's remarkable style and ease in creating a universe full of despair, hope, and dreams. At turns tender and harsh, tragic and yearning, these stories will leave you wanting more.
