

Slightly Hexed (Hexed Hearts Book 1)

When Ava Ashworths boss turns up dead, she discovers that hes been using her as a magical battery to power some questionable spells. Those spells include a binding that anchors Cole, a delectably handsome demon, to Earth. Now that her boss is dead, Cole is bound to her. This wouldnt be so bad, except that the people who killed her boss are now after her, and the only way to head them off is to use the magical talents she supposedly has. Magical talents that are sealed behind a damaged hex. The only way to access them is to relax. And the only way she seems to be able to relax that much is to, ahem... Well. Good thing Coles around to lend a hand. Dodging magicians, archons, and an inquisitive best friend, Cole and Ava set out to discover who killed Avas boss and stop him from doing the same to Ava. But being bound together ignites complicated desires in both of them, and Ava isnt certain that she can trust her feelings... or Cole.
