

Identity Crisis

As seen in the July 2015 issue of Glamour Magazine UK! A reclusive author... Delia Sinclair is desperate to hit a looming deadline. With only two weeks to go before her manuscript is due, she heads to a remote cabin in the Smoky Mountains with no internet or cell service. An ex-military security specialist... Blaine West is halfway around the world when he gets a frantic message from his childhood sweetheart. She needs to lay low for awhile so he puts her in touch with someone who can help her until he can get back to town. A dead body... When Blaine arrives at the hotel where they were supposed to meet, he learns the body of a local author was discovered that morning but there's no sign of his old flame. And a case of mistaken identity... Delia returns home completely unaware that the police believe she's been murdered. With Delia alive and his ex still missing, Blaine has the skills and connections to find out exactly what happened and keep Delia safe. Lead to a passion that burns out of control.
