

In Good Hands

Amber Smithson just had mind-blowing sex with a totally hot stranger. In an elevator! Ditching her high-powered medical career to become a homeopathic doctor sure didn't prep her for this kind of hands-on therapy. Corporate lawyer Roger Martell leads a high-pressure lifestyle that's given him money and power and, unfortunately, high blood pressure. His solution? Ask the deliciously soothing doc to help him out with a few alternative treatments and plenty more steam-up-the-yoga-studio sex! The results leave them both healthy and very, very happy. Still, a few nights of great sex won't bring down Rogers blood pressure indefinitely. Amber's in his bed now, but that doesn't mean she'll stay there. Unless, of course, Roger can talk Amber into making those house calls a permanent thing.
