

L'Ingenu (French Edition)

Une edition de reference de L'Ingenu de Voltaire, specialement concue pour la lecture sur les supports numeriques. Sil y avait eu une seule verite cachee dans vos amas d'arguments qu'on ressasse depuis tant de siecles, on l'aurait decouverte sans doute ; et l'univers aurait ete d'accord au moins sur ce point-la. Si cette verite etait necessaire comme le soleil l'est a la terre, elle serait brillante comme lui. C'est une absurdite, c'est un outrage au genre humain, c'est un attentat contre l'etre infini et supreme de dire : il y a une verite essentielle a l'homme, et Dieu la cachee. (Extrait du chapitre 14)
