

## English Place-Name Society: Volume 4, The Place-Names of Worcestershire (County Volumes of the Survey of English Place-names)

The volume surveys the names of all places in the county before 1974 (when the county, with modified boundaries, was combined with Herefordshire) and also includes a few parishes which had been transferred to Herefordshire in 1897. A large coloured map in an end-pocket shows clearly the numerous Worcestershire enclaves within neighbouring counties at the time of publication.
