

## The Las Vegas Lambada (Dancemaster Mystery Series)

Tyra Fields settled back into her seat gently pushing the overweight man sleeping next to her back into his space. She tried to look out the tiny window into the darkness of the night hoping to spot any upcoming city lights, but the woman resting in the window seat had partially closed the pull down shade. This Las Vegas trip was the culmination of hard work. Hard work to improve her dance skills. Hard work to claw her way to the top of the profession. Hard work to find just the right dance partner someone who would look the part. Someone she could mold into the kind of dancer she needed to move her career to the top. She smugly smiled. Little did she know that this trip to Las Vegas would culminate with a loss a loss that could put all of the hard work in jeopardy. A loss that could end her career all together.
