

## Maroz

A shadow rises in the east, swallowing the land in its darkness. Within the strange shadow, Death rides a black stallion, followed by his hordes of demons and draining the humans of their souls. Steel cannot touch Death. Even the elementals cannot stand against him. If those with the powers of the elements cannot stop Death, what can? One young man finds the answer and does not even know what it is. In his hands the fate of the world rests.
