

## Finding Hope (The Matchmaker Series Book 3)

(This book is the rerelease of Hopes Discovery, book 3 in the Matchmakers Trilogy originally released in 2012) Hope Kendal has lived a perfect and peaceful life. However, she is a mystery, to herself. The one thing that would make her feel whole would be to know about her birth parents and discover who she really is. Private investigator Trevor Jacobs has a job to do find Hope for her biological father and get to know her without her finding out. Locating her was the easy part. Falling in love with her hadn't been in his job description. When Trevor is asked by Hope to help her find her birth parents he is put into a difficult situation. If she discovers he already has all of her answers it might cost him his heart and those answers might cost Hope her life.
