

Finally Home

For Amanda Brookfield, nothing is closer to her heart than a ranch called Moonlight ... So, moving into her grandparents Texas farmhouse on Moonlight Ranch seemed like the perfect solution to escaping her crazy and fast-paced lifestyle in Chicago. It had always felt like home to her when she had visited every summer as a child. And the Wests, who were the owners of the ranch, had always treated her like family even though her grandparents were their employees. Oh, how she had always dreaded leaving at summers end! But now ... when she can finally call Moonlight her home ... Noah West returns to his familys ranch and tries to convince his father to sell it. How could the boy she knew so long ago be so unfeeling about a ranch that means so much to so many people? So much to her! In her fight to save the ranch she finds that she is also fighting the old love she felt for Noah so many years ago. Could it be that the home she had always dreamt of was actually a place in Noahs heart?
