

Daredevils Run (The Taken)

He feared nothing not even after a rock-climbing fall stripped Matt Pearson of his ability to walk. Now the former daredevil was gearing up for a dangerous river run that would test him as never before. So would seeing Alex Penny, his former partner and lover the woman he let get away. But Matt wasn't one to resist a dare. Five years ago, Matt had allowed his heartbreaking accident to come between them. How could Alex make him see that he was the same man she'd always loved? This time, nothing not the river, not an unseen enemy, not even Matt himself could stem the tide of their feelings, and of a passion too long denied.
