

Nam

NAM is the story of a young graduate of West Point who along with one of his best friends went to Vietnam to do his duty, as a soldier, as the son of a soldier, and as an American. In the crucible of the War, Josh Daniels learned hard lessons about himself and the world around him, but also found love in the most unexpected of situations. That which does not kill us makes us stronger, a wise man once said. This was never more true than in NAM.
