

Moon Pool

In the center of the maze at an Adirondack resort lies a spring-fed pool. Legend says that if you look into the serene depths under a full moon, you'll see the face of your true love. In this collection of four novellas, the magic of the Moon Pool touches the lives of eight people for whom love seems to be a dream that can never be reality: Thea who lost her one true love because she couldn't bear the scorn of others. Faith who has given up on love in the face of responsibility. Lynn who settled for practicality when she yearned for poetry. and Cynthia whose reputation for selfishness was no match for love.
