

## More Than This

When love enters the equation, things can get more than hot, real fast. More Than Friends Lucy Lawson is stunned speechless to realize she's in love with her best friend. Except Sebastian Blackford is seeing another woman. Revealing her feelings could destroy the best relationship in her life. Problem is, the longer she holds it in, the stronger her need to spill her secret. More Than Lovers Hot, no-strings sex with the gorgeous surfer next door any time she's single and in the mood? Oh, yeah, Sarah Deacon is all signed up for that course. Charlie Hudson knows he's all wrong for Sarah. What could a long-haired dropout have in common with a classy academic? Nothing...except maybe a mutual burning desire that just won't quit no matter how often they try to quench it. More Than Words Molly Harris never intended to send that letter, meant to be a secret record of her feelings for her boss. But during a crazy day at work, she accidentally hits send. Which is how Dr. Sam Shepard finds himself reading a wicked, erotic email neatly outlining his receptionist's secret fantasies about him. Warning: After reading this you may be tempted to jump your best friend. Or your neighbor. Or your boss. It's recommended you keep your partner on speed dial or a toy with fresh batteries on standby.
