

The Eyes of Death

The twenty-nine year-round inhabitants of Fawn Island located off the coast of Cape Cod shrink to twenty-eight as a local handyman is found dead in mid-winter off season. Murdered? Maybe. But the area DA goes out of his way to keep the Cape Cod and island reputation as clean as possible, especially since it is the home of the famous Kennedy family. He hires a local reporter to interview all the remaining residents and prove that the death was an accident.
