

The Indigo Necklace

Also published as *The Indigo Necklace Murders*. Appealing background, pleasingly described; some family skeletons; bitter-sweet romance, and customarily deft Abbott sleuthing. *The Saturday Review* Lieutenant Pat Abbott and his lovable but slightly rattle-brained wife, Jean, have become about the most popular couple in murder fiction today. In *The Indigo Necklace*, Frances Crane takes them to New Orleans, where a huge wartime population has overflowed into the famous French quarter, steeped in tradition and old-world ceremony. When murder is done amidst these incongruous elements, it takes ingenious sleuthing indeed to unravel the crime! Pat Abbott and his Jean are paying guests of a proud old Creole family, luxuriating in the charm of their surroundings, when Jean discovers a body at her very doorstep. Before the Lieutenant unmasks the murderer, the Abbotts meet a fascinating array of aristocrats and scoundrels, including a police chief, drawn from life, who will become a permanent member of the Abbott troupe. If Mrs. Crane's publishers and audience have anything to say, included floor plans have been redrawn for improved legibility. The plot of *The Indigo Necklace* is good, and the writing is considerably above the average. *The Montreal Gazette* One of the years best. *The Boston Globe*
