

Metal & Lace (An Opposites Attract Novel Book 1)

18+ MATURE AUDIENCES ONLY. This book contains sexual situations, strong language, some drug use, and serious subject matter. This isn't who I am. I've never been what you considered the take-home-to-your-mama type. F*ck, I usually don't even stick around past the next morning. For as long as I can remember, I've lived by no one's rules but my own. On the edge of destruction, my life has been an obscure, drug-induced haze of hard partying, random groupies, and Metal. Now, there's Lace. Ever since I saw her uptight ass, I've wanted to pound the prude right out of her. She was just supposed to be a fun lay. Now, she's turning my world on its ass. What the f*ck is wrong with me? Whatever it is, she's making me want things, different from what I've had, different from what I thought I wanted. Thing is, I'm not sure if I'm ok with that. Find out what happens when Gunnar Haze, rock god, meets Lacey, a music critic with a broken heart and an eye for bad boys. With the type of heat that will melt your panties right off, opposites will attract and collide. This is a standalone in a series of standalones
